How to Find & View I/DD Individual Employer/PSW Employment Relationship Information
CDDP/Brokerages/CIS

(updated 4/25/17)

eXPRS has two methods for CDDP and Brokerage agencies to find and view the Employment Relationship association for an I/DD individual’s employer and their PSW providers. This employment relationship association confirms that the FMAS payroll vendor enrollment paperwork for both the PSW and their employer(s) has been successfully completed.

In eXPRS/POC, provider Service Prior Authorizations (SPAs), Service Delivered (SD) billing entries and claims cannot be successfully processed and payments cannot be made to PSW providers until eXPRS has received confirmation that the employment relationship association with the FMAS payroll vendor is completed.

This assistance guide will cover both methods available to view this employment relationship information:

- For the PSW via the View Provider record in eXPRS
- For the individual via the View Client page in eXPRS

To view a specific PSW’s Employment Relationship associations to their employers for I/DD individuals:

1. Login to eXPRS. If users have more than one organization login option, they will need to be logged in as shown below:

   - Local Authority (for CDDPs)
• Contractor (for Brokerages)

• State Kids (State) (for CIIS Program)

2. From the yellow left-hand, navigational menu, click on **Provider ➔ Provider Panel**.
3. Once in the **Provider Panel Members** page, click on the section header **Provider Panel Members** to expand that section.

4. From the **Provider Panel Members** list, click on the provider name for the record desired to open and view that provider’s information.

5. With the provider record selected, click on the **View Provider** button to view the record information.
6. In the provider’s **View Provider** page, click the section header **Employment Relationship** to expand the section and view the individual(s) that have a confirmed employment relationship association for this PSW.

7. Once expanded, the confirmed employment relationship information for the PSW will be shown. The information shown in this section includes:
   - **Client Prime**: the prime number for the I/DD individual whose employer has a confirmed relationship association with the PSW.
- **Client Name**: the name of the I/DD individual whose employer has a confirmed relationship association with the PSW.

- **Expires**: the date the association relationship enrollment with the listed FMAS payroll vendor expires or ends. For example, if the Expire date is 3/31/2017, that relationship was valid as part of the payment contingency period. **If blank/no date is listed, that association/payroll vendor enrollment is current and ongoing.**

- **Payment Provider**: the name of the FMAS payroll vendor that issues payment to the PSWs for dates of that vendor’s enrollment.

eXPRS receives updated employer relationship association data from the FMAS vendor each business day.

CDDP and Brokerage users may wish to run the report periodically to view updated ER information.
