Procedure Title: SPOTS Card Purchases

Procedure Number: DHS-040-019-04  Version: 1.0  Effective Date: 10/01/2010

Jim Scherzinger, Deputy  10/01/2010
Approved By: Director of Finance  Date Approved

**Procedure**

Under Oregon statute agency directors are responsible for approving the use of public resources for their agencies’ commitments, expenditures and disbursements.

The SPOTS card is a state-sponsored credit card that the agency may use to purchase goods and services in compliance with public contracting rules published by the State Procurement Office, Department of Justice and all relevant agency policies and procedures.

The approving officer is appointed by the agency’s director or designee. He or she is responsible for establishing program accountability, separation of duties, reporting relationships and authorization protocols for the agency’s SPOTS program.

Effective monitoring of SPOTS card purchases strengthens the agency’s regulatory compliance, helps prevent improper activity, and increases the chances of detecting error, fraud, waste and abuse.

This procedure emphasizes accountability and responsibility for SPOTS card purchases.

This procedure is applicable to all employees. **Compliance is not optional.**

**Applicability**

Failure to adhere to this procedure may result in disciplinary action, up to and including dismissal, personal liability and criminal actions.

- Submit the cash or check refund to agency receipting employees for deposit by the end of the business day.
- The manager must send an email notifying the SPOTS card coordinator and approving officer of the incident. The email must include:
  - Vendor's name and address;
  - Type and amount of refund;
  - Explanation provided by vendor;
  - Cardholder's name and last six digits of his/her SPOTS card;

| 10. Internet Purchases | Cardholder, Manager, OIS | The SPOTS card may be used on the internet to make authorized purchases. The cardholder must make sure that the website is secure, the SPOTS card number will be encrypted and the vendor’s terms and conditions are appropriate. The vendor’s return of goods policy must be verified. The vendor should not be used if it does not have a return of goods policy. A cardholder can determine if the website is secure in three ways:  
- Look at the website address where the SPOTS card number will be entered. An internet website is secure when the address changes from http://www to https://www  
- Examine the bottom corner of the browser and locate the symbol that resembles a lock. The lock symbol signifies that the website is secure and the SPOTS card number will be encrypted when passed electronically.  
- Contact the OIS Service Desk to confirm the website address is secure: 503-945-5623 |
| 11. Back-orders | Cardholder, Manager | Vendors are prohibited from billing for goods before they are shipped. Back-ordered items should be billed only when the items are shipped. Cardholders need to exercise caution when ordering items on back-order to ensure the amount that will be charged to the SPOTS card at the time of shipment does not cause them to exceed their card limits. |
| 12. Phone Orders | Cardholder, Manager | The SPOTS card may be used to purchase merchandise over the telephone. The card number may be given over landline telephones. Card numbers must not be given over wireless devices; e.g., BlackBerries, portable or cellular telephones.  
When a cardholder places a phone order (in which the cardholder is not present to sign the receipt), instruct the vendor to write, “Per phone order,” on the cardholder’s signature line. At no time should anyone sign a receipt |

</tr>
</tbody>
</table>
| **14. Disputed Billings** | **Cardholder, Manager, SPOTS Card Coordinator, Approving Officer** | If items purchased are faulty, not shipped or in error, the cardholder must make reasonable efforts to resolve the problem with the vendor. Vendors are required to comply with VISA regulations and may be subject to charge-backs. In most cases, vendors are responsible for fraudulent purchases and should be the first point of contact for resolution. Cardholders must immediately notify their manager, bank, and SPOTS card coordinator of any charges that should be disputed. The bank will send the cardholder forms to complete on the disputed transaction. In the event of an impasse with the vendor, in accordance with the State's Master Agreement, the cardholder must provide the bank with written notification within sixty (60) days from the date the incorrect charge appears on the monthly billing statement. The written notification must include a request to charge back the vendor for the disputed transaction. The manager and SPOTS card coordinator must be carbon copied on the correspondence to the bank. Disputed charges include, but are not limited to:  
- Failure to receive merchandise or services charged;  
- Defective merchandise;  
- Altered charges or charges whose authenticity is in question;  
- Incorrect transaction amount(s);  
- Duplicate processing;  
- Failure to process a credit refund;  
- Fraud;  
- Forgery. Based on the type of erroneous transaction, the bank will initiate the dispute process, including chargeback to the vendor, and determine whether the card should be suspended or canceled. Per the master agreement with the state, the bank will resolve the dispute within 90 days of the written request. |
