Overview

Description:
This policy implements standards and guidelines for ordering business cards, letterhead, and envelopes.

Purpose/Rationale:
The purpose of this policy is to ensure that DHS business cards, letterhead, and envelopes maintain a consistent and standard design; reflect DHS' identity as a single, unified agency and achieve their intended purpose of representing DHS employees and programs. This policy will benefit DHS offices by establishing effective ordering procedures, maintaining standard DHS publishing design, quality control, and uniform pricing.

Applicability:
Managers have the responsibility to determine who has authority to order business cards, letterhead, and envelopes for their staff, individual offices and programs.

Failure to Comply:
Publishing standards must be followed to ensure the integrity of publications printed for the business activities of DHS. Department of Administrative Services rules require agencies to use approved contractors for printing business cards, letterhead, and envelopes. Failure to order business cards, letterhead and envelopes following the procedures associated with this policy would put the Department at risk of non-compliance with state rules and policies.

Orders may need to be faxed if the size of the order exceeds this limitation. If the order comes back as undeliverable, call MyOrderDesk to receive assistance or, fax your request to them. Use the telephone and fax numbers listed in the Contact(s) area below for the items you are requesting to have printed.

4. Printing Errors

a. It is the responsibility of the requesting DHS office to ensure that orders have correct spelling and punctuation before submitting the order for printing.

b. If an error is a result of a mistake made by MyOrderDesk, they will pay the cost of reprinting and shipping the correct order to the DHS customer.

c. If an error is a result of a mistake made by DHS when sending in their printing request to MyOrderDesk, the DHS office or program responsible for the error will pay for both the incorrect first order, and the corrected second order. This will include the cost of printing and shipping the order both times.

d. After a determination has been made by MyOrderDesk to reprint the items requested and who will be responsible for paying for the reprint, the incorrect order should be destroyed by DHS and not sent back to MyOrderDesk.
