

How to Create a NEW DD Eligibility Enrollment (DDEE) Form in eXPRS *without a Prime Number*

(updated 10/29/2019)

The DD Eligibility & Enrollment (DDEE) process previously utilized by CME staff has been updated in eXPRS to be more streamlined. With the transition to direct DD Eligibility entry into eXPRS & implementation of the eXPRS module for the Oregon Needs Assessment (ONA) process to generate a Level of Care (LOC), much of the information submitted on a DDEE form is no longer needed. This has enabled the DDEE form & process to be streamlined for easier use in eXPRS for both CDDP and Brokerage staff.

There may be times when individuals new to DD services in Oregon will be determined eligible & the CME will need to report enrollment information, but that individual ***does not yet have a DHS Prime Number assigned***. CME staff can still submit a DDEE (0337) form for those individuals. This guide will show you that process.

For full details on the ODDS policies & procedures for when creation/submission of a DDEE (0337) form is now needed, please see the ***DD Eligibility and Enrollment (DDEE/0337) Worker Guide*** available here:
