

## **How to Determine an Individual's TXIX Medicaid Eligibility by using eXPRS VIEW CLIENT Information**

*(updated 12/23/2020)*

In order for an individual with I/DD to be authorized for DD TXIX Medicaid services from the K-Plan and/or from a DD waiver, there are three eligibility components that must be first verified and met:

1. The individual is receiving, or about to receive, a DD TXIX Medicaid eligible service;
2. The individual has support needs that meet the TXIX Level of Care (LOC) criteria;
3. The individual is eligible for, or receiving, the appropriate level TXIX Medicaid benefits.

There are different types/levels of TXIX Medicaid benefits. Depending on the type of TXIX the individual is eligible for, or is receiving, that type may limit the Medicaid services the individual is able to have authorized for them from ODDS.

### **→ State Plan TXIX Medicaid**

- State Plan Personal Care (SPPC) services ONLY

### **→ Child Welfare (CW) Medicaid**

- SPPC Services
- K-Plan services
- DD Waiver Services (for the specific waiver enrolled to, as of 7/1/2019)

### **→ OHA (OHP+)/MAGI TXIX Medicaid**

- SPPC services
- K-Plan services
- DD Waiver Services (for the specific waiver enrolled to, as of 7/1/2016)

### **→ APD (OSIPM) TXIX Medicaid**

- SPPC services
- K-Plan services
- DD Waiver services (for the specific waiver enrolled to)

Final TXIX service and waiver eligibility/enrollment is verified and updated by DHS Central Office in the ITBS Technical Assistance Unit (TAU) based upon information submitted via the DD Eligibility Enrollment form, the TXIX LOC form for the individual and the type/level of TXIX Medicaid the individual is receiving.

**\*\* As of 5/1/2016** – the ITBS TAU staff will code client service eligibility based on the individual’s actual service and TXIX eligibility, rather than what services they anticipate requesting at the time of submission of information to the TAU.

To help facilitate this service enrollment and authorization process, CDDPs and Brokerages may need to first determine the type/level of TXIX Medicaid the individual is already receiving. Knowing this TXIX Medicaid eligibility/benefit information can expedite the service enrollment and POC authorization process, and assist the individual to apply for the type of TXIX Medicaid benefits from the local APD/SPD Medicaid field office that they may need to support their desired services.

Information on an individual’s TXIX Medicaid Eligibility can be accessed from the individual’s **VIEW CLIENT** page in eXPRS.
