

Claiming for Multiple Dates of Foster Care Service

Did you know ...

...that you can create Foster Care claims for multiple dates or a date range?

Provider do not need to create a single claim for each day separately. eXPRS allows providers to enter claims for a date range when billing for Foster Care services. That means that providers can claim for an entire month of service at one time for an individual if they choose.

To do so, just enter the first date of the service date range to be billed in the **Service Begin** field, and the last date of service in the date range in the **Service End** field, then click **Continue** to create a draft claim.

Enter Claim Service Dates						
PA Adj #	Client Name	SE	DHS Contract Num	Provider	Effective Date	End Date
19*****18	NBWWKFT DGAYOFJ	158	14****8	2*****0	1/1/2018	5/31/2018
Service Begin:		1/1/2018	Service End:		1/31/2018	<input type="button" value="Remove"/>
<input type="button" value="Continue"/>						

Detailed instructions on how to create claims for Foster Care Services can be found on the eXPRS Help Menu.

Remember ...

... Foster Care providers can bill by creating claims for a date range for dates that services were received by the individual.
